THE ARMOUR CADETS

Were the Bright Particular Stars of the Entertainment Last Night.

Marched Like Clockwork, with a Dash and Go Pleasant to See.

A Large and Representative Audience Present—Many Interesting Features—Trip Down the Bay in the Afternoon—The Boys Pleased with Their Welcome in Belleville—A Ring at Kingston.

What's the matter with the Armour Cadets? They're all right, sure. They contributed a large share of a very pleasant entertainment last night. Their march, however, was not without incident. It was a good time themselves and helped to provide one for others. The marching and manual exercise of the Cadets was a revelation to many people, who did not, up to last night, know what interest young men can take in military drill when they get the proper kind of encouragement. There was a large audience present when the programme started at 8:15, and it was a representative Belleville audience, too, liberal with their applause for all the good points, and they were numerous. The first four rows of the orchestra chairs had been reserved for the Cadets, the members of the Daisy Loric Club and the Fifteenth Drum and Bugle Band. The visitors were cheered as they came down the aisle, as was also the local organization. A very pretty effect was produced by hanging the two flags of the visitors, the Union Jack and Stars and Stripes, from the upper boxes. Bandmaster Judges and his merry men opened the programme with a very showy march, and they played it in fine style, too.

Col. Ponton, who was chairman, in an appropriate speech, then welcomed the visitors. The fifteenth, he said, had to have the opportunity of entertaining a United States corps, and in some small measure reciprocated the attention previously extended to them in Rochester just a year ago. No man of the Regiment of Rochester had received their grand old British uniform, and they must remember that even now British and American troops were fighting side by side in China in the interests of civilization. The American papers of the trophy could say what they liked, but he believed that the bond of fellowship between the Anglo-Saxon race, which would some day make not only a world, but a nation, was the only one that should be maintained.

The young ladies and gentlemen of the Daisy Loric Club, who were the guests of the Cadets, were then treated to a very interesting and enjoyable scene in a recruiting office, in an excellent manner, and the boys were a great credit to their organization.

The buglers of the Cadets then treated the audience some of the finest music that has been heard in Belleville. The music was then put on by the Cadets, and the music was very good. The music was then put on by the Cadets, and the music was very good.

In a speech delivered in 1891 Sir Wilfrid Laurier uttered the following sentiment: "There are no colonies in my country who say that an Imperial federation, that is to say, a federation between England and her colonies would be the best alternative to the present state of affairs."

Europe in our affairs, and it would be suicidal on the part of Canada to engage in a war with a federation that would force it to take part in all the wars of the world. That consideration alone suffices to turn the people of Canada from such an idea. It is not only a matter of self-interest, but it is a matter of principle. It is a matter of principle. are liable to happen at any time,
and the pain and suffering they cause
can be relieved by the use of a few
drops of the remedy. It immediately
relieves the pain, soothes the inflamed
skin, and prevents the formation of
blisters. It is a most valuable remedy
for all burns and scalds, and is
always for baby's bumps or
bruises, headache, sore throat,
bites of insects, sunburn, etc. Grif-

CITY FATHERS SESSION.

Much Important Business
Discussed Last Night.

Ald. McFee's Motion to Dis-
miss Rutledge was Lost.

Majority of the Council Thought It
Best to Wait Till Answer Had Been
Received from Police Commission-
ers—The Moxam Case—Cows and
Costs—The Weeds will be Cut.

Our City Fathers were very busy
last night when they met in session,
rather this morning, for it was nearly
one o'clock when they concluded their
labors.

Several important matters
were up before them, viz., the Moxam
case, the Cow Inspectors, the ques-
tion of purchasing more hose, the re-
mission of the fines of the clearing
farmers who were yesterday mulcted in
the Police Court. Ald. McFee in-
troduced his motion to discharge the
present Cow Inspector, Mr. D. T. Rutledge, but his motion was un-
derstood as to give him a month's notice
to leave the city, and he was the
object being to try and induce the
Police Commissioners to hold a meet-
ing and take some action in regard to
the Council's request that they turn
over to the City the right to appoint
their own Cow Inspector.

The motion was lost, the Police Com-
missioners wanted an answer from the
Police Commissioners before they
acted in the matter.

Chief Campbell, of the
Fire Department, charged Fireman
George Moxam with clearing
money in the name of certain mem-
bers of the Fire Department, he hav-
ing in so doing exceeded his duty. The
case arose out of the recent elevator
disaster, and he was charged with
clearing money for the Fire Depart-
ment.

A good deal of discussion of the
Council decided to let the Fire Com-
missioners handle the case. It was de-
cided to discharge the present Cow
Inspector, Mr. D. T. Rutledge, but his
motion was understood as to give him
a month's notice to leave the city, and
he was the object being to try and
induce the Police Commissioners to hold

ORANGEMEN'S DAY.

The Anniversary of the Battle of the Boyne

Is Being Celebrated in Many Places in
Loyal Hastings County Today—
Belleville Brethren Go to
Trenton.

From many points in Hastings county
Orange men assembled in Trenton
today, and the celebration there
promises to be a grand one. The prin-
ciple of the Orange Order, an open
Bible, and equal rights of conscience,
person and property to all, are as
dead now as they were when the
battle of the Boyne was fought, and
Belleville Orangemen, though they re-
quest that the plans uncarried which
called for a celebration in their city
this year, have loyally gone to help
make the Trenton celebration a suc-
cess. A large crowd is expected
there, and the streets are handsomely
decorated with mottoes, emblems, flags
and evergreens.

Belleville O. L. L. No. 274 and For-
bush O. L. L. No. 3, went to Trenton
under the same banner.

Ald. Clarke, Grand Treasurer, went
to Cobourg, where there is a great
gathering today, the I. O. F. Hall,
of this city, being engaged to play
in that town.

A large number of the brethren
from Rossmore went to Trenton.
A number of the brethren from
Plainfield also went to Trenton.

The Varuna took the Picton Orangemen
to Trenton today; the Ellis Ross
carried the brethren from Belleville
and Napanee, the Redensville going
taking the same boat, while numbers
from the surrounding country drove
into Trenton.

In the city the day passed off very
quietly.

A report of the proceedings will ap-
pear to-morrow.

WHAT IT COSTS.
Bought at the office, one cent per copy;
delivered at your home, ten cents per

HOW TO GET THE INTELLIGENCER.

Light Overcoats.
This year the weather has been
very changeable, first cold and then
warm. It only shows the importance
of being properly dressed. You can
not get along very well without a
light overcoat. The Hand carried the most
comfortable men were those who had
taken no precaution in buying light
overcoats. If you have none the Oak
Hall can supply you at a moment's notice.

Co. yesterday afternoon and evening
had a most enjoyable time at Twelve
O'clock Point. The steamer Annie
Lake conveyed the party, and the
mail being a delightful one. Dur-
ing the afternoon the time was oc-
cupied in sports of various kinds and
at 6 p.m. the party set down to a well
provided spread. The evening was
spent at the Point, the party sailing
back at moonlight, reaching here at
11 o'clock. It was voted to be one
of the most pleasant gatherings ever
held by the employees of the firm.

SEVENTEEN YEARS OF TORTURE.
"I had a bad cough for seventeen
years," writes Mrs. S. M. Hamilton
of Lawville, Wis. No doctor or
medicine could cure it until one year
ago I began to use Dr. King's New
Discovery for Consumption, which did
me more good than all other medi-
cines I ever used. It is truly a
cure for all kinds of Coughs, Croup,
Colds and Throat and Lung troubles.
Positively cures Consumption, Pneu-
monia, Grip, Bronchitis, Whooping
Cough, Hay Fever and Croup. Price 50c.
Bottle and 80c. per bottle. Trial bot-
tle free at McKenna's drug store.

The British empire, if run into a strip
a mile wide, would reach round the world
420 times.

WILL WORK AT NIGHT.
Countless thousands have found a
blessing to the body in Dr. King's
Life Pills, which positively cure
Constipation, Sick Headaches, Bilious-
ness, Jaundice, Malaria, Fever and
Ague and all other ailments of the
bowels. Purely vegetable; never gripes
or weakens. Only 25 cents at J. S. Mc-
Kenna's drug store.

Sudden Death at Pictou.
Mrs. Thos. Eadie died very suddenly
at Pictou on Tuesday evening. The
deceased was known to many in this
city, where with her husband she
resided for many years. Her husband
is a son of Mr. and Mrs. W. Mc-
Kenna, of this city.

"THE WIND SHE BLEW"

Serious Damage Done in the Surround-
ing Country by the Storm
Last Night.

A severe thunderstorm, accompa-
nied by a high wind, visited this sec-
tion of the country last evening. In
the city it was much less severe than
it was in the country north, where its
severity was much felt.

At the village of Foxboro the spire
of the North Methodist church was
struck by lightning, and the frame
work and a portion of the brick work
of the tower was shattered. For-
tunately the building was not occu-
pied, and the loss is covered in the
Liverpool, London and Globe.

The barn of Mr. Andrew Benedict,
at Foxboro, was struck and a valuable
horse and some other stock were
killed. The barn escaped destruction.

A barn belonging to Mr. Wm. Ke-
lchison, in the 5th concession of Thor-
ough township, was destroyed, and
some of the contents. The loss is an
excellent one and had been covered
recently.

The barn of Mr. W. H. Pope, of the
7th concession of Thororough, was
struck by lightning and completely
destroyed. None of the horses or
cattle were in it at the time, and the
loss would have been serious. A
large number of fowls were burned
to death, and some farming imple-
ments destroyed. The barn was an
excellent one and had been covered
recently.

A large drive ahead, recently erect-
ed upon Mr. J. J. Tanner's premises,
at Foxboro, was destroyed, and the
foundations of the house were found-
ed by the force of the wind.

Over in Amherstburg Mr. George
Parliament had 25 apple trees blown
down in his orchard, all bearing.

HE FOOLED THE SURGEONS.
All doctors told Benick Hamilton,
of West Jefferson, Ohio, after suf-
fering 18 months from Rectal Prolapse,
he would die unless a certain operation
was performed, but he cured himself
with Buckle's Arnica Salve, the best
in the world. Sold by J. S. Mc-
Kenna's drug store.

Fire in a Lumber Yard.
At 10:45 this morning a blaze was
discovered among some shingles at the
Bathman Company's yard at the
wharf, supposed to have been caused
by a spark from a passing steamer.
An alarm was sounded, but the em-
ployees of the company extinguished
the fire by the use of a line of hose
which were upon the premises. Had
the fire not been discovered so early
the result might have been serious.

HOW DR. BORDEN'S SON

Sad News Comes That He Has Been Killed in Action.

Lord Roberts Wrote the Poet to Lord Minto, and Sir Wilfrid Laurier wrote to his Minister, who was Commander-in-Chief of the Canadian Forces in the East.

Ottawa, July 18.—When a hero dies the whole country mourns. Another name was yesterday added to the long list of Canadian heroes killed in South Africa. A glorious death was met by a young man who was serving in the House of Commons, a shadow will fall upon Nova Scotia, and at least one home is made desolate.

At 5 o'clock Hon. Dr. Borden sat in the House of Commons, chatting with the Hon. Charles Fitzpatrick. A few minutes later he was called out of the chamber to hear the saddest news that a father can hear.

The Sad News.—At half past four yesterday afternoon, Dr. Borden's son, Dr. Borden, received the following cablegram: "Pretoria, July 17, 1900.—Regret to inform Hon. Dr. Borden that his son was killed in action yesterday. (Signed) Roberts." The message was sent to Sir Wilfrid Laurier with the request that he should relay the news to his Minister.

Break the Sad News.—Sir Wilfrid Laurier, when the cable was handed to him, and in his private office, with Col. F. P. and Col. Macdonald, Sir Wilfrid feeling told Dr. Borden of his great sorrow.

The doctor was overcome and was taken to his home by Col. P. H. and in the corridors of the House the news was received with more than ordinary sadness, many a messenger of sympathy was sent to the Minister, while on every hand words of condolence were uttered.

A Professor Young Man.—The late Lieut. H. L. Borden was 29 years of age and the only son of Dr. Borden, a prominent member of the House of Commons. He was a third year student in medicine at McGill University, and had been the fourth physician in a direct line. He had been several years in the military service, and his enlistment in the second contingent of King's County Hussars, N. S. In the second contingent he was lieutenant of the fourth troop of B Squadron and an efficient officer.

The deceased was a great favorite in Nova Scotia. He received his education in Mount Allison College and Sackville University, took an active part in athletics and was known all over the province. He was one of the handsomest men in the province, and was a great favorite with the ladies. He stood six feet three inches, and weighed 195 lbs. The second contingent was sent to South Africa in 1899.

Dr. Borden and Mrs. Borden leave for Canada this morning.

Was Thomas Mackie Wounded?—It was rumored yesterday afternoon that the son of Thomas Mackie, M. P., had been wounded in the war. The same Lieut. Borden was killed on his son's name received last Monday. He was in excellent trim. The Militia Department has no news of Capt. Mackie.

The News of His Home.—The news of the death of Lieut. Borden came as a shock here and in Canada. Everyone was anxious to learn if it was confirmed. His sister is now at home in Canada, and is grief-stricken. Mrs. Borden is his stepmother, but loved him as a son. He was popular here, and was an ideal soldier. He commanded the King's County Hussars at Aldershot one year, and was commended for his work. He held a first class certificate of the Royal School of Cavalry, and was qualified for the second contingent. He left here with the best of all, and he said in his last letter: "I will not need those under my place that I will not go to my home." He has done his duty to the credit of our country.

Served in Malacca.—Halifax, July 18.—The tidings of the death of Lieut. Borden were received in this city with regret and sympathy. He was a young man of great promise, and his death is a great loss to the country. He was in the city with universal expressions of sorrow and regret. Lieut. Borden was very popular in Halifax. His work in connection with the organization of the Mount Allison Rifles had attracted much favorable attention, while his attractive personality and sterling qualities won him many friends.

More Canadian Missing.—Ottawa, July 18.—The following Canadian missing in action: "The Canadian Service Forces have occurred." "Lieutenant Mount Allison Rifles." "Wounded slightly at Witkop on the 16th inst. H. V. Young, Manitoba Dragoon, No. 92, P. W. H. W. Young, missing since the 4th of May last, is supposed to be dead." "Lieutenant Borden, 78, P. W. T. Doan, a prisoner, reported as missing from the 5th June, has arrived at Ladysmith."

Strathcona's Horse—Missing, near Ladysmith, from the 7th inst. P. W. H. W. Young, missing since the 4th of May last, is supposed to be dead." "Lieutenant Borden, 78, P. W. T. Doan, a prisoner, reported as missing from the 5th June, has arrived at Ladysmith."

He left here with the best of all, and he said in his last letter: "I will not need those under my place that I will not go to my home." He has done his duty to the credit of our country.

Served in Malacca.—Halifax, July 18.—The tidings of the death of Lieut. Borden were received in this city with regret and sympathy. He was a young man of great promise, and his death is a great loss to the country. He was in the city with universal expressions of sorrow and regret. Lieut. Borden was very popular in Halifax. His work in connection with the organization of the Mount Allison Rifles had attracted much favorable attention, while his attractive personality and sterling qualities won him many friends.

More Canadian Missing.—Ottawa, July 18.—The following Canadian missing in action: "The Canadian Service Forces have occurred." "Lieutenant Mount Allison Rifles." "Wounded slightly at Witkop on the 16th inst. H. V. Young, Manitoba Dragoon, No. 92, P. W. H. W. Young, missing since the 4th of May last, is supposed to be dead." "Lieutenant Borden, 78, P. W. T. Doan, a prisoner, reported as missing from the 5th June, has arrived at Ladysmith."

Strathcona's Horse—Missing, near Ladysmith, from the 7th inst. P. W. H. W. Young, missing since the 4th of May last, is supposed to be dead." "Lieutenant Borden, 78, P. W. T. Doan, a prisoner, reported as missing from the 5th June, has arrived at Ladysmith."

THE FIFTEENTH'S OFFICERS AND THEIR GUESTS.

Banqueted at the Quinte Last Night—Many Bright and Witty Speeches—Col. Montzambert's Compliments to the Regiment—A Very Enjoyable Affair.

After a highly successful season's work, the finale of which was witnessed by what appeared to be the greater portion of Belleville's citizens, the officers of the Fifteenth, with Col. Montzambert as their guest of honor, and with many other prominent local gentlemen present, celebrated by a banquet at the Hotel Quinte the annual inspection day of their corps.

The menu was served in Mine How Jenkins' best style, and everybody knows what that means, the speeches were just long enough, without being too long, the toasts were drunk with the enthusiasm characteristic of the guests at a military function—small wonder, then, the banqueters found it hard to separate till cock crow.

Col. Ponton was chairman; Major Pope vice-chairman. On the chairman's right were seated Col. Montzambert, Major Johnson and U. S. Consul Hendrick; on his left, Captain Maclean, Mr. R. C. Hulme and Mr. F. A. Mitchell. The other guests were Major Donald and Halliwell, Captain Yernley, Stewart and Matthews, Lieut. Becker, Marsh, Curran, Maclean, Darragh, Goldsmith and Dr. Farley. Major Johnson, George Wallbridge, W. D. S. Johnson, Capt. Gordon, J. H. Johnson, S. H. Johnson, J. J. R. Platt, C. M. Bickel, W. H. N. Murray, J. H. Cherry, J. S. McMurphy and J. D. Ford.

After justice had been done to the vanguard provided the customary "Queen" was drunk with the customary heartiness, the banquet proceeded.

In proposing the next toast, "The President of the United States," the chairman mentioned the fact that the British and American troops were fighting side by side in China, and said that he could not see how it was possible that the soldiers of the Queen and those of President McKinley should be so far apart.

Consul Hendrick responded. He had been here many times to return thanks of the people of Belleville, but never felt more grateful than he did for the present toast, and he thought that the Consul made a very happy little speech, in which he congratulated the British and American troops on their inspection, and said he hoped that the British and American troops would be new to the people of Belleville, and that they would be new to the people of Belleville, and that they would be new to the people of Belleville.

The next toast was "The Queen of the Evening," the toast was received with a shout of approval, and the gentleman's popularity. The toast was very gracefully proposed by Col. Ponton and received with musical honors.

Col. Montzambert said he could hardly tell how much he pleased to be called to Belleville to meet his friends of the Fifteenth. He was delighted at everything he had seen, and he was especially glad to see the men who were so brave and so good, and he was especially glad to see the men who were so brave and so good, and he was especially glad to see the men who were so brave and so good.

TALKED HIMSELF

OUT OF A JOB.

The Case of Col. Sam Hughes, who
Found the Commander-in-Chief
a Bad Man to "Sass."

Montreal, July 19.—A prominent
military officer (today received ad-
vice from South Africa, which ex-
plain the cause of Col. Sam Hughes'
retirement from the Imperial ser-
vice in South Africa. It appears
that, in his capacity as an intelligence
officer, Col. Sam has, on more than
one occasion moved bodies of troops
without authority. On the last oc-
casion he was sharply reprimanded
by his superior officer, and Col.
Hughes talked back in language
more pointed than judicious. There-
upon the matter was reported to
Lord Roberts, who asked for ex-
planations. They were given, but again
with a frankness of language which
the Commander-in-Chief is not ac-
customed to.

The upshot was that Col. Hughes
was asked to send in his resignation.

OFF THE TRACK.

This means disaster and death when
applied to a fast express train. It is
equally serious when applied to a
people whose blood is disordered and
who consequently have pimples and
sores, bad stomachs, deranged kid-
ney, weak nerve and that tired feel-
ing, which is the result of a disor-
dered system. The cure is simple,
rich blood and curing these troubles.

Constipation is cured by Hood's Pills.

IS RUSSIA PLOTTING?

Puts an Army Near India, and is Said
to be Secretly Negotiating with
the Boxers.

London, July 19.—The Russian Min-
ister of War at St. Petersburg, has
issued several orders for the re-or-
ganization of the army. The appar-
ent effect of the carrying out of these
orders, despite the trouble with China,
will be the concentration of forces to
the north of India.

The Shanghai correspondent of the

cretly negotiating with Prince Tuan,
the leader of the anti-foreign element,
with the connivance of Li Hung Chang,
Viceroy of the province of Shantung,
received the details of the scheme from
Prince Tuan, but failed to apprise the
governors of what was going on.

It is also said that certain high
officials of the Yangtze provinces for-
ward a secret alliance with Russia, but
Viceroy Chang-Chi-Tung will not ac-
cede to any such proposition.

Business Session

Of the Various City Committees Last Night.

Streets on West Side to be Repaired—

Moxam's Case Goes to a Special

Committee—Surveyor Says the

Streets are Watered to Death—

Ald. Bogart will be Acting Mayor

During Mayor Johnson's Vacation

The meeting of the various City

committees last night was somewhat

prolonged by the lengthy discussions

which took place upon certain mat-

ters brought forward. The account

of \$7,715 for hydrant rental due the

Waterworks, was thoroughly thresh-

ed out and resulted in the account

passing, less \$500. The Moxam mat-

ter was brought up and referred to

a special committee, with power to

act. The petition of the number of

Waterworks, for the removal of the

cost imposed by the Magistrate for

allowing their cattle to run at large

within the city was not entertained.

Other matters of interest and im-

portance were introduced.

The members in attendance were

Mayor Johnson, Aldermen Bogart,

Griffin, Harris, Doyle, Clarke,

Starling, Bogart and Pantier.

Market and City Property.

Ald. Pantier, chairman, presided over

this committee.

The accounts recommended to be

paid were \$8 to C. Herring and \$50

to the Gas Company.

On motion, it was decided that a

portion of the Market Square, which

needed repaving, should be attended

to as soon as possible.

Sidney Cow Case.

Mr. E. D. Dyer was heard in re-

ference to the petition which was

presented to the Council, asking that

body to remove the cattle in several

cases of Sidney farmers having been

found for allowing their cattle to run

at large and wander into the city.

He said these gentlemen had allowed

their cows to run at large and

they wandered into the city. They

were impounded and each man had

paid the inspector costs to get them

out. The defendants were then

summoned before the Police Magis-

trate, who considered was too much,

as it was paying twice for the same

thing. The Magistrate had told

them that they might apply to the

Council for redress.

In answer to an enquiry Mr. For-

ster testified that the costs were not

excessive under the by-law, but his

fire hall, such as bed spreads, etc.,

Carried.

Moxam Case.

The Mayor said some steps should

be taken in this matter, as Mr. Mox-

am was under suspension, and the

Council had to decide the matter. As

to the efficiency of the individual he

did not know, but had never heard

anything about him.

Ald. Starling stated that this was

the first time that the Chief had

been in the city. Mr. Moxam. If the

man was not amenable to discipline

he would dismiss him at once.

Ald. Griffin said the Chief had not

given Mr. Moxam a bad reputation

as a fireman. It would cause him

among the men by retaining Mr.

Moxam, then the best thing to do was

to dismiss him.

The Mayor asked if Moxam had been

reported before.

Ald. Starling—At the time of the

Queen's Hotel fire Moxam was over-

come with smoke and came before the

Council, and appeared to be suffer-

ing considerably. He was passed

and the next day he (Ald. Starling)

was informed that Moxam was work-

ing. It would have a tendency to

loosen the authority of the Chief if

Moxam was kept upon the brigade.

Ald. Sinclair said they had to do

some of two things, and he considered

they should act and settle the matter.

Ald. Clarke was opposed to inter-

fering with the Chief of the Fire

department in this matter. He moved

that the matter be sustained.

The Mayor did not believe in being

too harsh. Moxam was a sober

man. He had good character and

brilliant at fire work, but was not in

a condition to direct men.

Accordingly with Mr. Moxam might

be the better course.

Ald. Sinclair said that the matter

be referred to the Mayor, Chairman

of the Fire Committee and the Chief

of the department, with power to act.

After some further discussion Ald.

Doyle's motion prevailed.

Public Works.

Ald. Harris, chairman, presided at

this committee. The business trans-

acted was as follows:

Pay Sheet—\$672.45

Mr. J. E. Wills asked for a crossing

on Queen street, near William street,

said to be granddaddy, and he would

be willing to pay \$100 towards its

construction.

Ald. Sinclair moved that the cross-

ing be built—Carried.

A communication was read from the

Alleged Cow Inspector Down said

that ponds be established in

Blacker, Coleman and Murray wards,

as at present there was but one pond

in the city and that was in Foster

ward.

Ald. Starling—Does our Inspector

endorse this request?

The Mayor—Said the two inspec-

tors to find out where the ponds

should be located.

Ald. Bogart said we should find out

where would be willing to supply a

pond.

On motion the matter was referred

to the Inspectors.

In answer to an enquiry the Mayor

said the Police Commissioners had not

yet met to decide the matter, and he

asked them to refer to him in certain

duties of the Inspectors. This was

done.

On motion the matter was referred

to the Inspectors.

Ald. Doyle said there were no ac-

counts before his committee, and the

accounts recommended from the of-

ficial committee were endorsed.

The committee adjourned.

Letter from Private Large

Arrived in Southampton on July 4—

Five Sick Men Died on the Trip.

The following letter was re-

ceived from Private Large:

Brookhurst, Hampshire,

England,

Thursday, July 20.

Dear Mother and Rev. J. C. Large,

I arrived safe and sound in South-

ampton yesterday, better in health by

a good deal. I expect to stop here

for a couple of weeks, perhaps three,

and then, after a short rest, I will

go home. I am glad to hear that

(which I really need) I am going to

take a little trip to Norfolk. I am

very glad that I got over my illness

as well as I did. I am glad to hear

that you are all well. I am glad to

hear that you are all well. I am

glad to hear that you are all well.

I am glad to hear that you are all

well. I am glad to hear that you

are all well. I am glad to hear

that you are all well. I am glad

to hear that you are all well. I

am glad to hear that you are all

TIMELY TOPICS.

"I've just got back from Kingston,"
said a gentleman to the Intelligencer
today. "And I've got a kick
on me."

"No doubt," said the scribe,
"everybody has who comes from
there, but what's the matter?"

"Well, it's about these asphalt
sidewalks that our City Council are
going to build," was the reply. "They
are no good. If some of our Council-
members could go and look at those
in Kingston I think they would
never want to build any in this
city."

"What's wrong with them?" asked
the Intelligencer; they can't get
loose and fly up and hit you, any-
how."

"I agree with the kicker," but they
run away and soon become unsafe.
I spoke with many Kingston people
about them and they all agreed
that they were a delusion and
snare. I also spoke to some Tor-
onto gentlemen who were in King-
ston when I was, and they also said
their experience with asphalt side-
walks had been anything but good.

Everybody I spoke to agreed that
in the long run a municipality saved
money by putting down asphalt
walks. I would hate to see the City
adopt a penny wise and pound
foolish plan in connection with our
sidewalks."

And so, of course, would everybody.
It certainly looks as though the
City Council should make a few
more enquiries before they commit
themselves to any considerable de-
gree, to the building of asphalt
walks.

Speaking of sidewalks, a gentleman
addresses a note to the Intelligencer
in which he complains of the
action of the Public Works com-
mittee in ordering some more
limeolithic crossings. These
walks and crossings proved a failure
last year, our correspondent
says, and the present action of the
Committee is "only throwing good
money after bad."

Our correspondent further alleges
that he was informed by a promi-
nent legal gentleman that he had ex-
cellent grounds for appealing
against the assessment of a house
on Grier street, the said grounds be-
ing a "limeolithic sidewalk." This
fact may well be borne in mind by
the gentlemen of the Public Works
Committee before they build any
more works of that descrip-
tion.

Writing from Montreal, a gentleman
is just now enjoying a pleasure
trip, says: "Tell the editor of the
Intelligencer he is mistaken when
he says there are no pretty girls
in Kingston. I saw one there who
was as beautiful as a May morning.
It must be stated, though, that she
was only there on a visit."

It begins to look as though the for-
eigners in Pekin had as many lives
as a cat.

During the summer months many
strangers visit our beautiful city.
When friends desire to show them
the Rolling Mills, let them take
Front and Wharf streets, so as to
avoid seeing the disagreeable con-
dition of the old Methodist burying
ground.

Mr. C. M. Reid kindly sends the In-
telligencer a copy of Le Petit Par-
isien, published, of course, in La
Belle France. It is about as big
as thirty cents, and a Canadian
paper would soon starve to death
on its advertising patronage.

The youngsters who sit on the rail-
ing of the footbridge at night should
be asked to move on.

Grit papers which are trying to make
political capital out of young Borden's
death are up to mighty small
business. None but smug hypo-
crites like the Hamilton Times and
some of his followers would do
it. But the Times man would dig
up a whole graveyard to benefit
his party friends.

A man met a bull in a field. "I'll
tell you who stays," said the bull.
He tossed, and the man lost. The
moral is, that it is never safe to
indulge in games of chance, espe-
cially when the odds are against you.

Well, sir, there's no use talking, they
do have all sorts of funny things in
Kingston. The Times says a grue-
some thing got out from a cus-
tomer which read as follows: "Send
me a sack of flour, 5 lbs. of coffee
and 1 lb. of tea. My wife gave
birth to a large baby girl last
night, also five lbs. of starch and a
dozen of soap."

Lord Wolsey said: "China possesses
every requisite for overrunning the
world. She has a population of
400,000,000, all speaking the same
language, or dialect, readily under-
stood from one end of the empire
to the other. She has enormously-
developed wealth, and still more
enormous natural wealth awaiting
development. Her men are pro-
foundly drilled and led are admirable
soldiers. They are plucky and able
to live on next to nothing. They
are absolutely fearless of death. Begin
with the foundation of millions upon
millions of such soldiers as these men
are capable of being made, and tell me
if you can, where the end will be."

Toronto Telegram: "Canada's farm-
ers will be asked to go from the
tools of this year's harvest to sit
at dawn and listen to a lot of jerk-
water politicians telling the crowds
that citizenship is making them rich."

The captain of the pleasure yacht
Idler, who kept on his way during
a storm, "to have a little excite-
ment," thereby exposing her and
drowning five people, is liable to
get all the excitement he wants now.
A true bill for manslaughter has
been found against him, and it will
probably be a long time before he
is heard from again.

The Chinese take their census by
counting the houses and multiplying
by five.

Col. O'Grady has sailed for
Canada and will soon be reigning
over the Canadian militia. Hail,
Hail!

A friend of our says he believes, by
the way the local Chinese laundry
men tear up the linen, that they
belong to the Boxers. He says they
"do up" his linen in more ways than
one.

An English prisoner talking to his
Boer captor was told by him that
"the Boers must succeed because
they were constantly praying for
victory." "But so are the Eng-
lish," said the prisoner. "That is no matter,"
said the Boer, "for God does not
understand English." And the
Boer believed this because Presi-
dent Kruger had told him so!

A New York yellow journal seri-
ously discusses the question "Shall we
smoke in Heaven?" It does not
seem likely, but that fellow needn't
worry; he'll probably go to a place
where he'll smoke all the time.

The last year of Conservative reign,
1898, in Canada, the cost of admin-
istering Government was, including
expenditure on capital account,
somewhere in the neighborhood of
\$14,000,000. The present year of
Grit rule shows a demand for over
\$60,000,000, for both services. How
do Liberals who clamored for econ-
omy like it?

During 15 years of continuous Con-
servative reign in Canada the public
debt was increased about \$13,-
000,000. The Grit Government has
in a little over 4 years added to
the public debt \$25,000,000. Not-
ing like Grit economy, is there?

The letter from our old friend, Mr.
Joseph Parker, which appears in
another column, contains some
which will be of vital importance
to many of the Intelligencer's
readers. Mr. Parker does not
paint a pleasant picture, but his
particular object seems to be to
keep Hastings County young men
from going to the Northwest on a
fruitless errand.

Laurier is getting some credit for
not taking a holiday this summer,
but the fact is so many of the Cab-
inet are away picking that he is
at home. Then, again, there's no
room for another French-Canadian
in Paris, with Tarte there.

Kingston Veterans are after the land
which they claim was promised for
their services in 1860 and 1867. They
say every man who served then was
granted 168 acres of land—pre-
sumably in the Northwest, and a
big meeting is called for to-night
to see about pressing the claims of
the Kingston men.

A New York yellow journal seri-
ously discusses the question "Shall we
smoke in Heaven?" It does not
seem likely, but that fellow needn't
worry; he'll probably go to a place
where he'll smoke all the time.

The last year of Conservative reign,
1898, in Canada, the cost of admin-
istering Government was, including
expenditure on capital account,
somewhere in the neighborhood of
\$14,000,000. The present year of
Grit rule shows a demand for over
\$60,000,000, for both services. How
do Liberals who clamored for econ-
omy like it?

During 15 years of continuous Con-
servative reign in Canada the public
debt was increased about \$13,-
000,000. The Grit Government has
in a little over 4 years added to
the public debt \$25,000,000. Not-
ing like Grit economy, is there?

The letter from our old friend, Mr.
Joseph Parker, which appears in
another column, contains some
which will be of vital importance
to many of the Intelligencer's
readers. Mr. Parker does not
paint a pleasant picture, but his
particular object seems to be to
keep Hastings County young men
from going to the Northwest on a
fruitless errand.

Laurier is getting some credit for
not taking a holiday this summer,
but the fact is so many of the Cab-
inet are away picking that he is
at home. Then, again, there's no
room for another French-Canadian
in Paris, with Tarte there.

Kingston Veterans are after the land
which they claim was promised for
their services in 1860 and 1867. They
say every man who served then was
granted 168 acres of land—pre-
sumably in the Northwest, and a
big meeting is called for to-night
to see about pressing the claims of
the Kingston men.

Col. O'Grady has sailed for
Canada and will soon be reigning
over the Canadian militia. Hail,
Hail!

A friend of our says he believes, by
the way the local Chinese laundry
men tear up the linen, that they
belong to the Boxers. He says they
"do up" his linen in more ways than
one.

An English prisoner talking to his
Boer captor was told by him that
"the Boers must succeed because
they were constantly praying for
victory." "But so are the Eng-
lish," said the prisoner. "That is no matter,"
said the Boer, "for God does not
understand English." And the
Boer believed this because Presi-
dent Kruger had told him so!

Council Rescinds the Contract Given
to Marden & Co. - Ald. McFee
Again Tries to Dismiss Inspector
Rutledge - Civic Retrenchment
Committee - An Item Meets.

The business of the City Council was
last evening transacted without any
lengthy discussion taking place. The
recommendations of the various com-
mittees were adopted and but little
business was introduced. A motion
to suspend the rules to allow of a mo-
tion to dismiss Inspector Rutledge
was introduced but did not receive
the necessary two-thirds vote to carry,
and was allowed to stand as a
notice of motion.

When the Council was called to order
the following members were present:
Ald. Bogart, McFee, Starling,
Chown, Grills, Punter, Harris, Doyle,
Sinclair and Clarke.

Ald. Doyle moved, seconded by Ald.
Sinclair, that in the absence of Mayor
Johnson Ald. Bogart occupy that position
during his absence.

Carried.
Ald. Bogart, in taking the chair,
thanked the members of the Council for
the unanimity of the motion. He
would endeavor to discharge the duties
to the satisfaction of all.

After the reading and confirming
of the minutes of the last meeting the
following communications were presented:
A petition for a concrete walk upon
north side of Dundas St., between
Front and Church streets.

From the Waterworks Commissioners,
asking for \$2,000 to enable them to
extend water pipes and service on
streets in the city this year.

From David Boyd, secretary of the
Historical Society, stating that at
the first meeting of the Council he
would say the matter of holding the
next meeting in Belleville before them
for consideration.

From Michael Keeler, asking for
assistance or some light work, as he
was unable to do any.

From J. A. Mackie and J. C. Collip,
asking for a granolithic walk in front
of the Market Square, they being willing
to pay half the expenses of same.

From the two City Inspectors re-
specting the establishment of three pounds
in the market, upon H. P. Cook's
property in Murray ward. H. P. Cook
declared that they were in a bad
condition. That paper was read and
ultimately crying out over our walk.

Ald. Bogart said that the matter of
the original motion to build the walk
was under consideration. He had
considered the matter and was inclined
to make an inquiry of the Street
Commissioners, but had heard nothing
from the Company.

Ald. Clarke and Starling were op-
posed to the walk.

The motion prevailed.
Ald. Starling moved, seconded by
Ald. Sinclair, that the City should
pay for the walk.

Ald. Clarke thought it was not nec-
essary to do this unless there was
a necessity for it. The Street
Commissioners had not yet decided
whether or not they would do it. If they
did not, the City would be asked to
pay for it. He was in favor of it.

Ald. Harris moved, seconded by
Ald. Starling, that the Public Works
Committee be authorized to make an
inquiry of the Street Commissioners
as to the necessity for the walk.

Ald. Harris moved, seconded by
Ald. Starling, that the Public Works
Committee be authorized to make an
inquiry of the Street Commissioners
as to the necessity for the walk.

Ald. Bogart did not see that it was
so necessary. The police should do
this work.

Ald. Punter said this should be the
place for the special constable to ex-
ercise his duties.

Ald. Sinclair stated that in future
no extra help would be employed.
An account for cutting down weeds
caused Ald. Sinclair to call the at-
tention to the lot on the corner of Cam-
bell and Pinnacle Sts., in which there
were enough burdock to seed the
County of Prince Edward.

The Chief of Police was instructed
to notify the owner to have them
cut down.

The petition for a concrete walk
on Dundas St. was referred to the
Chief of Police to prepare the
necessary by-law for same.

On motion the Committee rose and
reported. The report was received
and adopted.

Enquiries.
Ald. Grills asked if any fines and
fees had been paid in this year to the
Treasurer.

Ald. Doyle - None.

Ald. Punter asked if they would be paid
in the first of the month.

Ald. Punter asked if the new horse
had arrived yet.

Ald. Starling - Not to my knowl-
edge.

Ald. McFee asked if there had been
any word from the party who was to
pay the school fees.

Ald. Harris said there had been no
word yet.

Motions.
Ald. McFee moved, seconded by Ald.
Punter, that the rules be suspended
for the next meeting of the Council.

Ald. Harris, Clarke, Grills
and Doyle assented.

It was then allowed to stand as a
notice of motion.

Ald. Punter moved, seconded by
Ald. McFee, that the City should
pay for the walk.

Conspicuous Home Sandgate, Eng.
Dear Major Punter: No doubt, you
will be surprised to learn I've been
sent to England. Perhaps you
haven't heard as yet what has be-
come of me. On May 4th I became sick
and I knew it was fever. I was
sent off. I marched two days
without resting a morsel of food
or a drop of water. I was
kindly and carried my blanket
without reporting to the doctor.

When we entered Windsor the game
was up. Lieut. Lawless asked me
to go to the hospital. He took my
temperature. I knew it was fever.

During July and August,

the warmest months of the year, most people have difficulty in keeping cool.

By clothing lightly, dieting lightly and refraining from alcoholic drinks, a long

step towards physical comfort is made. But the most satisfactory refrigerant is

the body.

A pamphlet explaining the many uses of this fine preparation will be mailed free on application

to The Abbey Effervescent Salt Co., Limited, Montreal. For sale by all druggists, 25¢ and 50¢ a bottle.

Abbey's Effervescent Salt.

A teaspoonful of this delightful preparation in a glass of ordinary cool drinking

water reduces the temperature of the blood, and quenches thirst in a natural manner

without chilling the stomach suddenly. It stimulates the digestion and refreshes the

body.

Book Binding

Orders for book binding should be sent at this office. It is surprising how nice a volume can be made of these magazines, even though they are as large as some of the most popular ones. They are bound in a style that is very reasonable, and they are bound in a way that makes them look like new. They are bound in a way that makes them look like new. They are bound in a way that makes them look like new.
